

REGGIO EMILIA

PROSPERA PROJECT

Local action plan

An overview of Reggio Emilia

Emilia Romagna region

Italy

231 km²

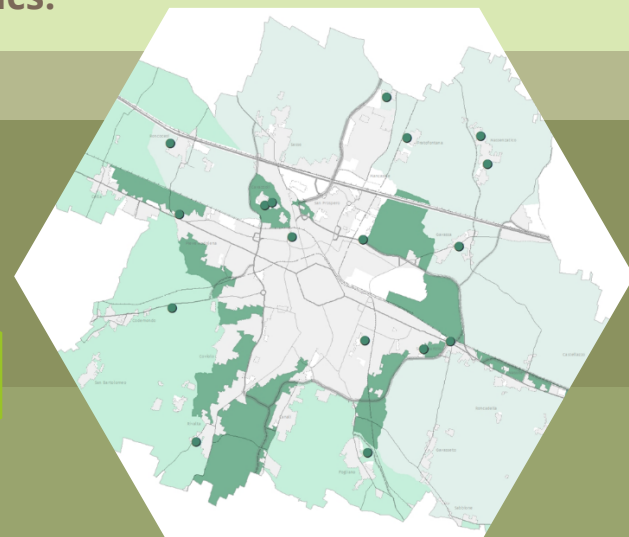

171 999 inhabitants

Good practices of Reggio Emilia

- Edible park
- Greenways
- Urban Forestation Plan
- Urban strategies for planning and regeneration

The Reggio Emilia Food Policy Council

By actively involving all the relevant stakeholders in decision-making processes, the Food Policy Council of Reggio Emilia will innovate the local governance model on food transition by adopting a working approach that is participatory, cross-cutting and “data-driven”, based on an objective interpretation of local dynamics.
