About us – Project Initiative

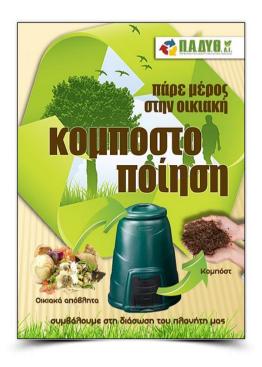

ΡΑΟΥΤΗ SA - ΠΑΔΥΘ ΑΕ

Solid Waste Management **Association**

10 Municipalities

245.000 **Inhabitants**

Regional Waste Management Plan (RWMP), (Oct. 2016)

- Home compost of biowaste a priority
- Target: 5% biowaste diversion of landfill
- Bin supply (Nov. 2016)
- ✓ Campaign Bin distribution (Nov. Dec. 2016)
- ✓ Training Monitoring (Jan. Dec. 2017)

Total budget: €134.146

Funding: PADYTH SA

Campaign & Bin distribution

Bin supply (Nov. 2016)

- 4 bin types selected, after comparative assessment
- 700 bins (10% of RWMP estimated target)
- 300 Liters capacity

Campaign – Bin distribution (Nov. - Dec. 2016)

- 9 Municipalities involved
- Schools: 51 bins Households: 649 bins
- Information & Guidelines leaflet

Training - Monitoring

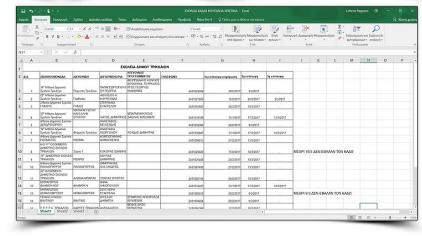

Training - Monitoring (Jan. - Dec. 2017)

4 trainers (outsourcing)

Trainers visited bin users once per 2 weeks

- Guidelines and motivation to the bin users
- Optional phone call assistance
- Data collection & assessment (Name, address, bin type, waste type, waste quantities, etc.)
- Questionnaire

Results & Conclusions

- ✓ Widely acceptable action. Easy procedure.
- ✓ Most of the participants were environmentally aware
- √ Waste volume reduction: ~35%, on average
- ✓ Training and assistance to the bin users was very essential.
- ✓ School and neighborhood word-of-mouth had a wide diffusion effect of the action
- ✓ Good results of the pilot action were adopted from the Region of Thessaly Administration in 074/2019 Call for Proposals for:
 - Green Points
 - Home composting
 - Biowaste separate collection
