("We are building ..." brochure is from 2004)

Mr Rolf Navarsete, entrepreneur
Sogndal Fotball April 2017

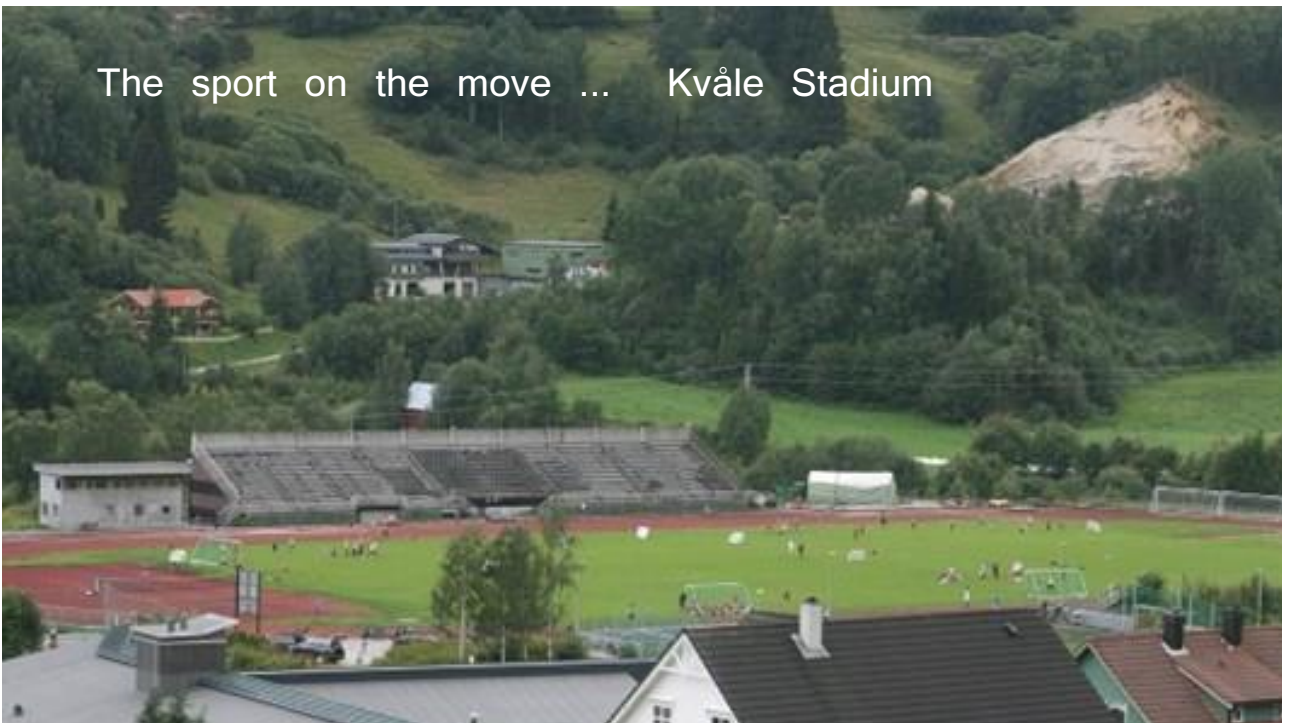

It started in the 50s and 60s
Fosshaugane = sports and agriculture (...and a factory)

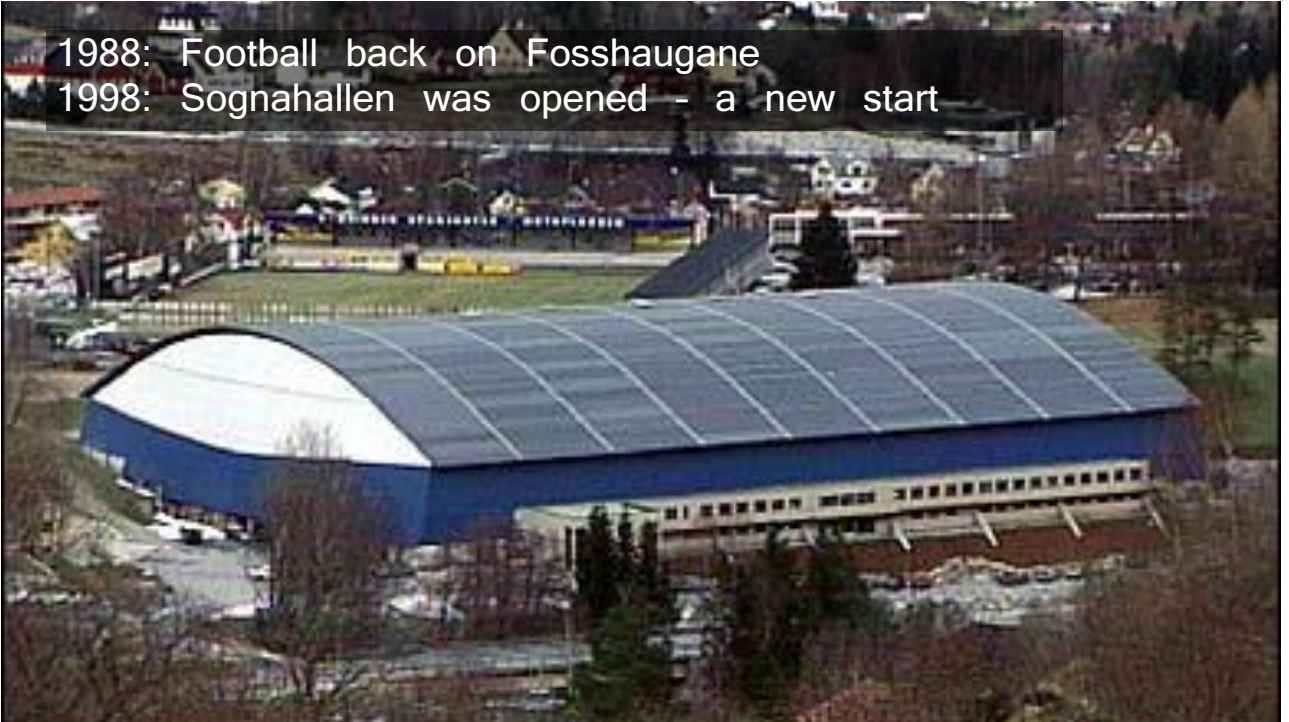

1963: Schools came to Fosshaugane ...

The sport on the move ... Kvåle Stadium

1988: Football back on Fosshaugane
 1998: Sognahallen was opened - a new start

We are building....

...the dream

...the goal

...facilities

...a development environment

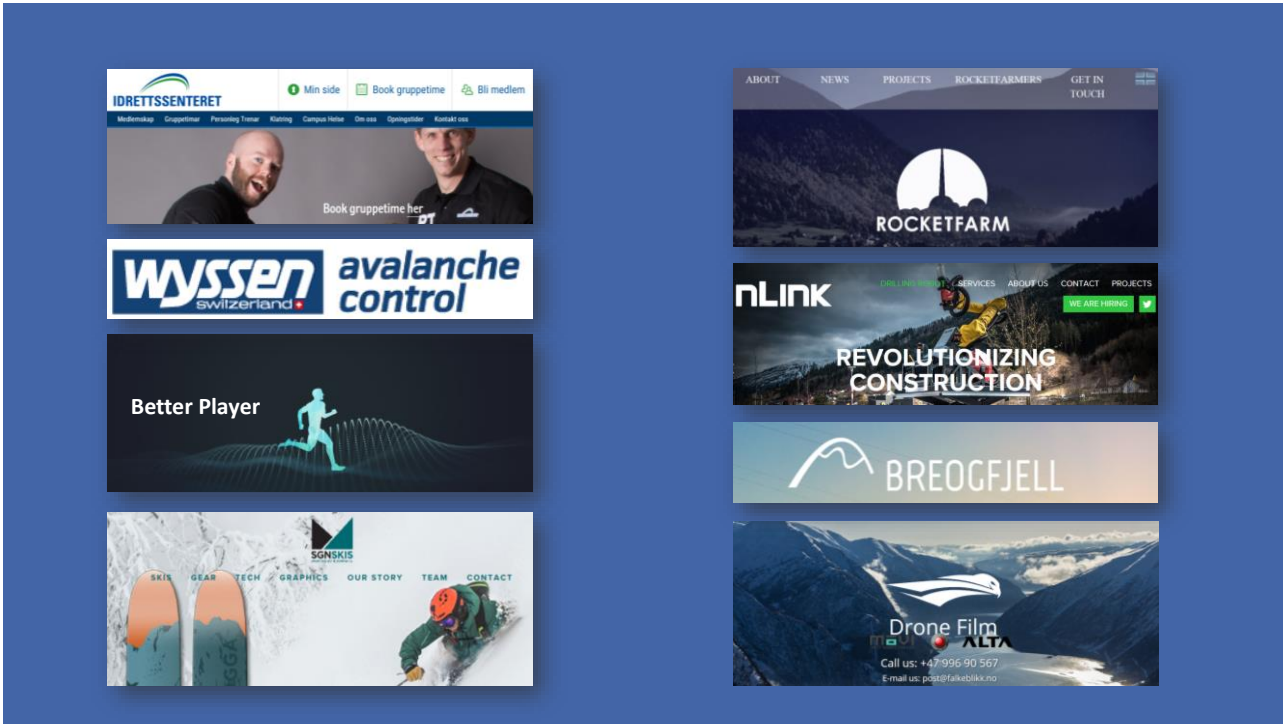

Over the past 15 years, it invests for close to two billion (NOK)

Not just sports and schools

New plans and projects

And we are building still
