The Interreg Europe project **CLUSTERIX 2.0 – New Models of Innovation for Strategic Cluster Partnerships** organizes on Tuesday, 21 June 2016 an EU Expert Workshop on European Initiatives Fostering Strategic Cluster Partnerships and Emerging Industries. The goal is to discuss with the participants (cluster managers, cluster policy makers and other intermediaries from the partners organisations as well as public participants) about how to experience information and learn about new developments at European level - what trends are there leading to initiatives and opportunities - and how to adapt international cluster cooperation to the new circumstances.
