9 March 2017, Porto (Portugal)

Thematic Seminar on Waste Deposit in Heritage Areas

Description

Selective waste collection rules are set out in the Regulations of maintenance of the cleanliness and order in the Municipality of Krakow.

The Regulations establish rules for the frequency of waste collection and types of containers for inhabitants.

The main aim of the practice is to maintain clear waste management rules for inhabitants.

Implementation

Owners of properties are obliged to equip the property in containers.

Each type of a residential building has different frequencies of waste collection and different types of containers.

Selective waste collection system

Single-family houses

Mixed waste
2x/month

Selective waste
1x/month

Selective waste collection system

Multi-family houses

Mixed waste
2x/week

Selective waste
2x/week

Glass
min. 2x/month
max. 1x/week
