

Media Release in South East Regional Development Agency <http://www.adrse.ro/>

Publishing date: 26/9/2017

Announcements, Communications, Events

The South East Regional Development Agency (ADR SE), as partner in the REBUS project - "Measures for the Energy Rehabilitation of Buildings" funded by the Interreg Europe Program, will take part in the 4th Interregional Event scheduled to be organised within the project on 27th & 28th September 2017, in Miskolc, Hungary.

In addition to the representative of ADR SE, a representative from the City Hall of Buzău participates in this event as a key actor of the project.

The Interregional Event provides a series of interactive sessions on working tools identified by partners in the field of policy support to increase the energy efficiency of public buildings.

A study visit will also be held in MÁD / TOKAJ region to present examples of good practice identified by the Hungarian partner.
