A COMMON TRAIT TO MOST PRESENTATIONS

Funded by the Horizon 2020
Framework Programme of the
European Union

“Cities and regions have the **capacity to create a symbiotic ecosystem** to nurture the **modernisation of businesses**, notably through the uptake of **new business models and digital technologies**. (...) **Other cities are learning from these best practices** to build their own centres of digital transformation.”

Funded by the Horizon 2020
Framework Programme of the
European Union

**TOPIC: User-driven innovation:
value creation through design-
enabled innovation**

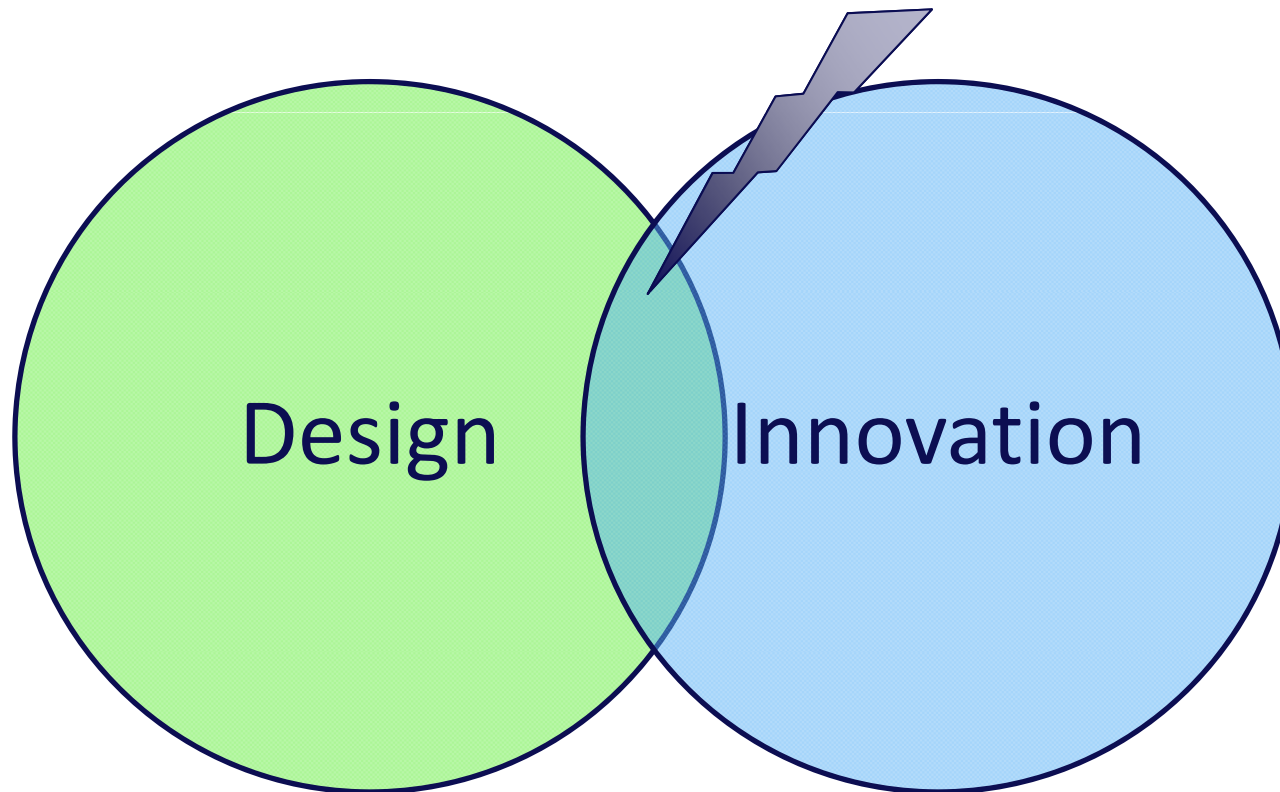

[CO-CREATION-02-2016]

“Design-enabled innovation can be considered as a **prominent example of "user-driven" innovation**, where user involvement in the process is central, as in many cases **innovation can better succeed through co-creation**. [...] The specific challenge to be addressed by this topic is that **many public sector organisations and businesses, especially SMEs, miss out on the potential to utilise design as a source for improving efficiency and stimulating growth.**”

From an idea of Paul Hobcraft, The Extended Innovation Funnel. Online: <https://paul4innovating.com/2011/04/13/the-newextended-innovation-funnel/>

THANKS FOR YOUR KIND ATTENTION

- Project title: **Building Capacity for Design enabled Innovation in Urban Environments**
- Partnership: **12 Organisations from 10 EU Countries**
- Duration: **1st June 2017 - 31st May 2021**
- Lead partner: **ANCI Toscana, Italy**
- Budget: ca. 4M Euro, of which **1,5M Euro** will be allocated to **50+ new Design enabled innovation initiatives across Europe** via a dedicated call for proposal that is expected to come up in late 2018. Stay tuned!
