participation).

MEET THE NEW PROJECT PARTNER

Municipality of Milanówek is the new project partner from 2nd Semester. Milanówek is about 30 km away from Warsaw. The municipality of Milanówek is located in the open natural environment system. The municipality was included in the Warsaw Protected Landscape Area. Within the boundaries of this Area is located almost the entire territory of the municipality, from except for its west brownfields part. Green is the most valuable element of the community's natural environment. The oldest, central part of the Milanówek community is covered by the urban protection zone and entered in the register of monuments. Legally protected is the historic architecture, old trees and historic park buildings. The DEMO-EC project offers a unique opportunity to learn solutions from other European regions in the field of mobility management and transfer them to Milanówek.

WHAT IS HAPPENING IN THE PARTNER REGIONS?

CZECH REPUBLIC: Our **partner Municipality of Liberec** met their stakeholders. The main topic of the meeting was the presentation of strategic and specific objectives for public transport in Liberec, followed by discussion on tasks, measurements and projects, commenting on the proposals.
