

Exports for Growth and Profitability

ALMI

The Growth and Profitability project will allow more companies to grow

- The Growth and Profitability project was launched in January 2015 by ALMI Värmland, and runs through 2017.
- The project is supported by the European Regional Development Fund.
- Its goal is to create growth in small and medium-sized enterprises.
- The project strives to provide more small businesses with tailored growth consulting services, attractive offers and customized solutions.
- The project aims to spark interest in running and developing successful businesses, which are crucial for employment, welfare and sustainable growth.

Export Initiative - Develop your business internationally

- Want to develop your international business? Or perhaps take a first step into the export market? ALMI, Business Sweden and Enterprise Europe Network offer you the Export Initiative program.
- Export Initiative gives you access to market research, export offers, partners, international agreements, financing, export conditions and competition analysis.
- The goal by the end of the program: You have developed an export plan and know how to finance it.

Develop your business internationally

- The program combines group meetings with other export-interested entrepreneurs with individual coaching.
- External lecturers participate from banking, law firms, advertising agencies, and more.
- When you participate in the program, you will also be able to call off external consulting services for an amount up to 10,000 SEK in order to help you establish your company on a new export market.
