

Regional Stakeholder Group Meeting

Partner/Region:	Date:	Round:	Participants:	Main outputs:
Basque Country (PP7)	16/06/2017	One	<p>The group of people that we have managed to involve to take part at ITHACA's first Regional Stakeholder Group Meeting are the following:</p> <ul style="list-style-type: none"> ➤ Public administration:: <ul style="list-style-type: none"> ▪ Director of the Office for Health (Ministry for Health of the Basque Government, BG) ▪ Director for Health and Innovation (Directorate for Health Research and Innovation, Ministry for Health, BG) ▪ Director of Technology and Strategy (Department of Economic Development and Infrastructures, BG) ▪ Director of Economy and Planning (Department of Treasury and Finances, BG) ▪ Director for Science Policy (Department of Education, BG) ▪ Scientific Director at Basque Biobank (Basque Foundation for Health Research and Innovation) 	<p>At the first stakeholder group meeting in the Basque Country, ITHACA's project together with the self-assessment tool was briefly presented by Isabel Pérez de Laborda (ITHACA's Project Manager at BIOEF, Basque Foundation for Health Research and Innovation) to the Biosciences-Health Steering Group of the Basque Country's RIS3 smart specialization strategy in the Basque Government – Lakua.</p> <p>This group is the space for public-private cooperation where the different agents from across the quadruple helix on these issues meet with the aim to explore entrepreneurial opportunities within the field of biosciences and health, enhance coordination of key opportunities and identify and apply available knowledge. The group sees itself as a thick tank aiming to work together towards knowhow sharing and the development of collective intelligence for making prioritization decisions.</p> <p>During the meeting, the online questionnaire was circulated in order to obtain their feedback. In this regard, they deemed the questionnaire appropriate however as they were not absolutely sure about what the project addressed by SMART health and care</p>

		<ul style="list-style-type: none"> ➤ Research & education: <ul style="list-style-type: none"> ▪ Health Business Development Director of TECNALIA ▪ General Director of bioGUNE (Center for Cooperative Research in Biosciences and biomaGUNE (Center for Cooperative Research in Biomaterials) ▪ Director Euskampus Foundation ▪ Director of Cooperative Innovation (Euskampus Fundazioa) ➤ Business: <ul style="list-style-type: none"> ▪ Director of the Basque Health Cluster. ➤ End-user and Health Provider: <ul style="list-style-type: none"> ▪ Osakidetza /Basque Public Health system ➤ Director of the Department for the Promotion of the Basque Innovation System at Innobasque (Basque Innovation Agency) 	<p>solutions it was decided to clarify this issue with the ETF coordinator before getting their feedback in the next SHs meeting. In any case, everyone agreed to fill the online questionnaire and to channel the request to as many other stakeholders as they could. In particular to the members of the working groups of the four priority areas that have been launched in this smart strategic priority (Rare diseases, Personalised medicine, Digital Health and Medical Devices and Big Data/Analytics).</p>
