## 1st Newsletter

Welcome to the first RUMORE newsletter!

RUMORE is an interregional cooperation project co-funded by the Interreg Europe Programme. The project aims at improving regional innovation policies and capacities by fostering rural-urban cooperation and partnerships. It brings together eight partner organisations from five European countries. They join efforts to improve innovation chains in their regions by supporting synergies between urban and rural areas and stakeholders.

Since you are working in or showed interest for rural-urban partnerships and innovation policies, we would be glad if you like to know more about RUMORE.

Do not hesitate to contact the project partner in your region. Your ideas, suggestions and active participation are of great interest to the partnership. Please forward this newsletter in your networks to relevant stakeholders.

Enjoy reading our newsletter and learning about RUMORE!

*Jörg Knieling (Lead Partner, HafenCity University Hamburg)*
