### CENTI DEBATES SUPPORT FOR ADOPTING ENABLING TECHNOLOGIES IN BELGIUM

At the invitation of the Commission for Coordination and Regional Development of the North (CCDR-N) and the International Iberian Nanotechnology Laboratory (INL), CeNTI participated in the Intermediate Event and 5th Interregional Meeting of the NMP-REG project (Delivering Nanotechnologies, Materials and Production (NMP) to REGIONAL manufacturing), held in Leuven, Belgium.

The meeting, which took place between 24 and 26 January and was organized by the Agency for Innovation and Entrepreneurship of the Flemish Region (Belgium), was attended by participants from 9 regions from 8 different countries (Belgium, Germany, Spain, the Netherlands, Italy, Portugal, the Czech Republic and Romania), representatives of ERRIN (European Regions Research and Innovation Network) and the European Commission.

Participants shared experiences and challenges related to smart specialization strategies and existing regional public policy instruments to foster collaboration between science and industry in the fields of nanotechnology, advanced materials and new production processes.

For more information about the project [click here](#).

5. P6 – UPB 23/03/18 – (SRB.ro) – The [news](#) reports the project description as well as the activity carried out during the project stakeholders meeting conducted by the Romanian partners.
6. P7 – UEFISCDI 23/03/18 – (Agerpres.ro) – This is a project presentation [article](#) published on the national press agency.

7. P5 – NMWP - 16/02/18 – (Openpr.de) – In this [article](#) it is presented the Leuven event held two weeks before. It is also explained the strong connection between the RIS3 theme and the project itself.
8. P5 – NMWP - 18/02/18 – (News4press.com) - In this [article](#) it is presented the Leuven event held two weeks before. It is also explained the strong connection between the RIS3 theme and the project itself.
9. P5 - NMWP - 18/02/18 – (Fair-news.de) - In this [article](#) it is presented the Leuven event held two weeks before. It is also explained the strong connection between the RIS3 theme and the project itself.
10. P2 – FIE - 28/03/18 – (Flandersmake.be) – One project stakeholder published on its website a [news](#) reporting the visit made by partners during the event of Leuven on their premises.
11. P2 – FIE - 04/10/17 – (Flandersmake.be) – In this [news](#), the project stakeholder presents the project as well as its role within.
