agricultural areas surrounding  
municipalities

Asset  
management

City planning and neighbourhood planning

Structural Vision 2040 defines the  
planning in 4 stages: PLABERUM

1. Inventarisation
2. Feasibility check
3. Designing
4. Constructing

22 Areas in the city have their  
own:

1. agenda's
2. plans

\* the planning system in The Netherlands is under construction on all levels. A new law says new visions and plans have to be made on all levels. Implementation of this law has started.
