Media appearance on the Romanian National Cluster Conference (22./23.11.2017) on Cluster House (Serbia):

The screenshot displays the website for Kuća Klastera Cluster House. The header features the organization's logo and name in both Serbian and English, along with a search bar and a navigation menu. The main content area highlights a news article titled "PUPILS' ENTREPRENEURSHIP ON THE SOUTH SERBIA" dated Saturday, 04 November 2017. The article discusses a workshop on recognizing and developing business ideas for youth, facilitated by Dr. Danka Milojkovic. A large graphic for a workshop in Niš is also visible. The right sidebar lists various cluster events, including ELAN, TCI Global Conference, and the Romanian National Cluster Conference. The bottom of the page shows a Windows taskbar with the date 16.11.2017 and time 12:34.

VI Romanian Cluster Conference, Bucharest, Romania, 22-23 November 2017

WEDNESDAY, 04 OCTOBER 2017 01:00

The conference is sailing under three flags "Interreg Europe CLUSTERIX 2.0", 6th National Romanian Cluster Conference and the 8th Balkan & Black Sea Cluster Conference. Under the motto: Smart Clusters. Value Chains. Business Driven Innovation. Innovation actors are facing a change of paradigm as they move in more and more complex environments where government, university and companies meet civil society within an open innovation ecosystem.

Clusters have the potential of shaping up the new ecosystems and becoming main drivers of innovation changes with positive implications on industrial processes.

Furthermore, especially clusters in the Eastern Danube, Balkan & Black Sea Regions face the challenge of becoming active dialogue actors in the process of defining and monitoring regional smart specialisation, while positioning themselves along global value chains where competitive advantages are given by business driven innovation.

The conference of this year aims to open the door and give glance on future developments which will set the innovation agenda for the years to come.

The event enjoys the presence of eminent representatives of European organizations, national and international clusters, research institutes, universities and companies, renowned experts.

Brokerage Event B2B, C2C

In addition to the high scientific and informative character, the conference will also have a strong practical side facilitating bilateral business meetings between participating national and international companies and clusters via the brokerage event session conducted with the support of Enterprise Europe Network.
