

Stakeholder Group in Sweden

The County Administrative Board and Linköping University organised a stakeholder meeting on August 27. At the meeting were representatives from CAB, Linköping University, the County Council of Östergötland, ALMI business partner, Cleantech Östergötland, Vreta Cluster and the Energy Agency of Östergötland. They are all members of the collaboration arena "Business models and arenas for sustainable system solutions".

At the meeting the stakeholders discussed the SUPER project with focus on phase 2 of the project. It was discussed how we together can write an application for a regional project to implement during phase 2.
