

## EVALUATION (n = 19)

1.) ...the goals you personally have with the project:

		Not at all important	Not important	Neither nor	important	Very important	Does not apply to me
3.	succession specific learning				9	9	1
9.	methodological learning		1	6	6	6	
6.	networking and meeting people			2	9	8	
7.	experiencing different regional obstacles			3	9	7	
1.	collecting good practices				3	16	
2.	sharing your experiences			3	5	10	
4.	creating new leads for cooperation			4	5	9	
8.	political/regional goals		1	4	10	4	
5.	having fun		2	2	5	9	1

## 2.) ... **LIKES** regarding the **current workshop**

- + time management/discipline (well-structured)
- + the theme
- + different methods
- + interactive group work
- + discussions
- + **the experiences of the family owners & entrepreneurs**
- + motivation of all
- + mobility (changing the spaces)
- + good mixture of working and cultural program
- + the venue (hotel & conference room)

## 3.) ... **DISLIKES** regarding the **current workshop**

- missing participation on day 1
- missing moderations of discussions (not everyone had the opportunity to speak)
- not enough space for stakeholders => e. g. good practices presentations were done by partners, and very often they repeated what already had been said in other workshops
- not all statements were relevant
- lack of knowledge what the SWOT analysis is
- panel discussion & SWOT
- very long days

## 4.) ... **improvements** regarding the **next workshop**

What could the moderators improve on?

be more on time (focusing), democratic leading, try to define rules at the beginning, maybe introduce some new activities, SWOT: the aspects should be filled-in by the participants, more concrete statements to avoid discussions

How could the interaction between participants be improved?

give every participant the opportunity to speak, more interactive "plays", more time for discussions among stakeholders

How should the results of the workshop be illustrated?

summarize the results, post-it's, on website, social media, via dropbox or cloud

Should we change something about the timetable?

stick with it!, more time for panel discussion & SWOT, opportunity to get up and move around, 1 h of free time before dinner, maybe a bit less evening program

5.) ... **requests, comments or suggestions** concerning **the project, project-members** and **the workshops**

- ✓ communication strategy (is needed!) => lack of communication between the meetings
- ✓ bring in more stakeholders
- ✓ recommendations to the host regions
