

**RECREATE** will improve the capacity and capability of regional transport SMEs to further develop and grow, this includes support for:

- Research and Development.
- Rapid development and implementation of products and services.
- Access to finance schemes.
- Internationalization opportunities.

## PROJECT AIM

- RECREATE will support policy makers by detailing examples of good practices for support of innovation by regional transport SMEs.
- The project aims to improve the capacity and capability of European SMEs to develop and implement products and services more rapidly.
- The project will increase regional transport SME capacity and skills which will boost SME competitiveness and growth.

RECREATE will adopt an overarching approach to support all types of transport SMEs

### STRATEGIC INNOVATORS

High technology research intensive SMEs seeking to develop technology.

### EXPLOITATION SEEKERS

SMEs seeking to exploit research results.

### TECHNOLOGY TRANSLATORS

SMEs who translate between technologies and the market.

### TECHNOLOGY NETWORKERS

SMEs who are seeking a better understanding of technology developments relevant to their business and to develop commercially useful relationships.

## SPECIFIC SUB OBJECTIVES

### TO DEFINE THE LANDSCAPE:

RECREATE will adopt a systemic approach to analyze the transport SME schemes knowledge base. The stakeholders involved in the transport SME competitiveness level will be mapped. This task will analyze the status quo and provide insights on political imperatives, research agendas and future prospects.

### TO UNDERSTAND THE CONDITIONS:

RECREATE will review and assess good practices. These will be validated while 'transferability' factors of these schemes and their potential application in other region will be explored.

### TO DELIVER THE FUTURE:

Policy recommendations on SME support initiatives will be provided while each of the regions involved will elaborate an 'Action Plan'.

### TO DEVELOP A LEARNING FRAMEWORK AND PROCESS:

RECREATE will support knowledge transfer and exchange through the organization of study visits and thematic workshops.
