L'ultima newsletter del progetto europeo RELOS3 sulle Smart Specialisation Strategies parla della visita dei partner a Bologna e di quella a Tartu (Estonia). A Bologna sono stati approfonditi i settori agroalimentare, delle industrie culturali e creative, della moda, della ricerca industriale e altri. In Estonia si è parlato di startup, dell'industria del legno e di quella agroalimentare. E' possibile leggere la newsletter in inglese a questo indirizzo:

## ME hosts thematic consultation session on Maritime Sector

Published on Fri, 05/04/2019 - 16:38

Malta Enterprise and the Malta Council for Science and Technology (MCST) organised a thematic consultation session on Malta's Maritime sector. This session was organised as part of Malta Enterprise's 'RELOS3' Interreg Europe project and, in line with the project objectives, contributes to the process led by MCST to design and shape Malta's new Smart Specialisation Strategy post-2020.

## PROMOCIÓ ECONÒMICA DE SABADELL VISITA BOLONYA EN EL RELOS3

### Promoció Econòmica de Sabadell visita Bolonya en el marc del projecte RELOS3

PUBLICAT EL 06/06/2019 PER GAUE\_DIBA

El projecte RELOS3, liderat per Promoció Econòmica de l'Ajuntament de Sabadell, se centra en el desplegament d'estratègies d'especialització intel·ligent amb una perspectiva local i està finançat pel Programa Interreg Europe . Dels dies 14 al 18 de maig es va dur a terme una visita de llarga durada a Bolonya, on es van estudiar a fons alguns dels aspectes destacats de l'estratègia metropolitana d'especialització intel·ligent. A continuació es destaquen alguns dels punts més interessants de la trobada:

### 17 Jun ESDi visita Bolonia en el marco del proyecto europeo RELOS3

Publicado a las 16:32h en Blog, ESDi, Noticias by ESDI Admin

Del 14 al 17 de mayo tuvo lugar en **Bolonia (Italia)** la primera visita de larga duración para ESDi en el marco del proyecto europeo **RELOS3**, invitado por el **Ayuntamiento de Sabadell**. El encuentro fue un éxito por la participación de los socios del proyecto, provenientes de Italia, Polonia y Estonia. Además de la participación de los agentes territoriales, políticos y empresarios locales de la región de Bolonia.

ESDi tuvo la oportunidad de observar, analizar y reflexionar sobre las estrategias locales de especialización inteligente en la región. Experiencias en **moda**, textil e innovación, campos vinculados al proyecto de especialización territorial **RIS3** del que la escuela forma parte.
