- 2500 km<sup>2</sup>
- 870 000 inhab.
- 40 % of territory UN natural world Heritage
- 20 000 € GDP per capita
- 600 kg household waste

## OUR VISION

Engage La Reunion in a paradigm shift that turns our island's constraints into an opportunity to invent an economy respectful of the capacities and rhythms of our natural ecosystems.

## OUR MISSIONS

We design and implement regional strategies for:

- Research & Innovation (RIS3)
- Horizon 2020 / Horizon Europe
- Economic development
- Circular Economy

We support regional stakeholders in the development and funding of their projects.

We connect the island to European and international networks, partners and value chains.
