

TANIA Bridge Event and Eighth Exchange Event

Lahti (Finland), 19 / 20 November 2019

**Venue Day 1: Congress and Concert Centre Sibelius Hall, Ankkurikatu 7, 15140
Lahti**

Venue Day 2: Café Charlotta, BW Tower 8th floor, Askonkatu 2, 15100 Lahti

DRAFT AGENDA

Description

In Semester 6, TANIA Project Stakeholders complete activities related to **Action Plan development**. On the first day, a **Bridge Event** is organised to discuss project results and learn about the most recent experiences in the innovative (nano)remediation sector, from the scientific and policy perspective. On the second day, the Eighth Exchange Event (TEE8) foresees a series of working sessions to have partners present their final Action Plans and the means to integrate the received reviews. Particular attention is reserved to Implementation work plans for Phase 2 and monitoring activities.

TEE8 is designed to involve partners and stakeholders in interactive sessions with the aim to:

- Presenting Action Plans to describe updated sections and latest details inserted into final version, in order to evaluate integration of reviews;
- Presenting and discussing activities to be implemented during Phase 2 and monitoring, in order to attain and manage regional policy improvement.

Partners will take also part in the **Steering Committee** meeting, covering Communication and Management.

**Day 1: 19 November 2019 – International TANIA Symposium – Novel
Environmental Remediation Techniques and Policy Instruments**

Venue: Congress and Concert Centre Sibelius Hall Schedule: 0845 – 1700

1600 - 1620 Finnish perspective (Jussi Reinikainen, Finnish Environment Institute)

1620 - 1645 Panel discussion

1645 - 1655 Open discussion

1655 - 1700 Summary of the seminar

1900 Dinner and networking at the restaurant Voitto

Day 2: 20 November 2019 – Interregional Exchange Event

Venue: Café Charlotta, BW Tower 8th floor Schedule: 0900 – 1500

0900 – 0915: Welcome and Opening

The session begins with opening talks from the host partners (Representative of Region Päijät-Häme and Representative of University of Helsinki).

Overview from Lead Partner on meeting objectives, finalisation of Phase 1 (including overview of results of the Mid-Term Review) and launching Phase 2 – Lorenzo Sabatini, ASEV (Lead Partner) and Pietro Collini (Resolvo)

0915 – 1130: Partners' Action Plan Finalisation

Partners update on the changes made to their Action Plans following the review from External Support and Mid-Term review. Partners each have around 20 minutes to present and discuss, supported by LP, the changes they have made to their Action Plans. Presentations must last max. 10 minutes, focusing only on main modifications, criticalities and aspects to be “proud of” (Phase 2 activities and monitoring are NOT to be presented in Session 1 but in Session 2). Any open questions or points they wish to discuss are welcome. Each presentation is followed by LP comments and open discussion.

Indicative schedule:

0915 – 0930: Introduction – Session methodology - Pietro Collini, Resolvo (*Lead Partner External Support*)

0930 – 0950 Tuscany

0950 – 1010 Baranya

1010 – 1030 Päijät-Häme

1030 – 1050 Coffee break

1050 – 1110 Crete

1110 – 1130 GrandEst

1130 – 1300 Implementation and Exchange in Phase 2

Overview of implementation activities to be carried out in Phase 2 at project level and partner level (focus on the Work plan / Monitoring sections of the Action Plan). The session is divided in 2 parts: during the first the focus will be on regional implementation activities, while in the second

on interregional activities to bring cooperation further on. Part 1 - Each region has around 10 minutes to present and discuss activities to be implemented during Phase 2, with specific focus on regional monitoring. LP will provide support to presenting regions, discussing most relevant points of interest and adjustments to be made in respect to implementation of Phase 2 activities and monitoring of results. Part 2 - Plenary session to discuss and plan opportunities for further cooperation among TANIA partners.

1130- 1145: Introduction – Session methodology and TANIA Phase 2 monitoring system - Pietro Collini, Resolvo (*Lead Partner External Support*)

1145 – 1230: Part 1 – Regional AP implementation

1230 – 1300: Part 2 – Opportunities for cooperation post TANIA

Presentations follow in the opposite order of previous session.

1300 – 1400 Lunch

1400 - 1500: Tania Project Steering Committee

TANIA Project Communication Activities, with focus on Phase 2 requirements – Enrico Valori, ASEV (*Communication Manager*)

TANIA Financial Management and Technical / Financial Reporting - Pietro Collini, Resolvo

Setting Phase 2 meetings and next monitoring steps

Meeting Conclusions and Informal Evaluation of the meeting/Phase 1 by participants.

1500 End of Meeting
