

## Participants of the RegionArts Program (INTERREG 2014-2020) at the Museum of Byzantine Culture, 21-6-2019

**Start Date:** 21 Jun 2019

**End Date:** 21 Jun 2019

**Start Date Time:** 8.00

Another extraversion action of the Museum of Byzantine Culture. The Center of Entrepreneurial and Cultural Development (CEDA) visited the Museum with representatives of cultural and business organizations from seven European countries (a total of 20 people) on Friday, 21 June, under the RegionArts Program (INTERREG 2014-2020) culture and ICT.

An informative meeting was held by the Master of the Museum with two related presentations on the Museum's work in this field as well as a short tour of the exhibition venues where new technologies are being used.

Participants watched the program with interest by asking questions at an extremely constructive meeting. At the end, an optical disc with material for the Museum was offered as a gift. The photos were kindly sent by the Center for Business and Cultural Development (Mr. Economou).
