SHREC has been kicked off!

A European interregional project focusing on the use and production of renewable energy by businesses, communities and households has been kicked off! 🌍 In the next 4 years the good examples of other partner countries and regions shall be explored ♻️: Lithuania, Slovakia, South Muntenia in Romania, Piemonte region in Italy, Mondragon in Spain, Auvergne Rhône Alpes in France and Mellersta Norrland region of Sweden. ☀️ 🌬️ 🌊

Green solutions for everyone, to use and produce!

All the project partners together with stakeholders visited the Northern Netherlands to kick off a European interregional project that focuses on the use and production of renewable energy by businesses, communities and households.
