- NEW INCENTIVES FOR START-UP
- QUALIFIED ASSISTANCE FOR INNOVATIVE START UP

THE MISSION

- The mission of Bologna's Chamber of Commerce consists in carrying out functions of general interest within the private business system, in administrative area (the most important is "the Business Register") offering to enterprises a full range of services in order to support business trade relations in Italy and abroad.

THE MISSION

The Chamber of Commerce support the companies.

The promotional activities target is to promote and stimulate the new business system through:

- information and consultation: helpdesks
- access to financing
- access to technological innovation
- training

DATA 2019

THE DESK FOR NEW COMPANIES

has managed 450 queries/appointments

NEW INCENTIVES FOR START-UP

the Chamber of Commerce has financed 158 star up projects with a fund of 2.000.000 Euro

THE DESK FOR NEW COMPANIES

- A free orientation service of Bologna Chamber of Commerce, helping and supporting aspiring entrepreneurs in their first phase (from idea to project) informing them about administrative and bureaucratic fulfilments, professional requirements and available national and regional funds.

THE DESK FOR NEW COMPANIES

- Through an interview with the Help Desk, aspiring entrepreneurs can obtain more personalized information on the procedure regarding their business, information about the Business Register, the Trademark and Patent Office and for innovative start-ups.
- A self-assessment test offers the opportunity to understand potential and entrepreneurial attitudes to start a business.

NEW INCENTIVES FOR START-UP

- The Chamber of Commerce supports the creation of new enterprises and improves their competitiveness through supporting funding, especially of women entrepreneurs and youth enterprises.
- Non-refundable new incentives to start a business.

NEW INCENTIVES FOR START-UP

- In 2020 the Chamber of Commerce has allocated 1.000.000 EUROS to support new companies.
- All eligible expenses are defined.
- Each company can get one contribution up to a maximum limit of € 30.000.
- The grants will be assigned in capital account, in a single solution in the amount of 50% of the eligible expenses.

QUALIFIED ASSISTANCE FOR INNOVATIVE START UP

An innovative start-up may have specialized assistance from the Chamber of Commerce (Qualified Business Assistance):

- To set up an innovative start-up with a simplified procedure without notary intervention, filling a standardized typed model.
- For information: startup.registroimprese.it portal.
- Contact the Qualified Business Assistance Office to have the necessary support for setting up innovative start-up with a typed model.

QUALIFIED ASSISTANCE FOR INNOVATIVE START UP

The portal provides two different ways to create the innovative start-up:

- Autonomous mode
- Assisted mode 'together with the Chamber of Commerce'

In case of 'assisted mode' choice, the creation of the start-up will continue with the aid of the Qualified Business Assistance service activated at the Bologna Chamber of Commerce, which will accompany the user until the company is registered in the Company Register.
