2nd Semester

2nd SEMESTER ACTIVITIES IMPACTS

- **Dissemination events: 11**
- **Nº of appearances in media: 36**
- **Nº of other appearances: 15**
- **Nº of people in the communications events: 182 (59IE3+123IE4)**
- **Nº stakeholders in learning activities: 90**
- **Nº sessions at the project pages: 1.200 (October 2016-March 2017)**
- **Nº users at the project pages: 1.103 (October 2016-March 2017)**

As indicated by the activities of the communication and dissemination of the FINERPOL project, project partners have developed several actions in order to give more visibility and dissemination to the project.

The main activities are:

- Communication and Dissemination Plan
- Organization of interregional dissemination activities
- Upgrading of existing web information
- Design and elaboration of communication tools like projects newsletter, published dossier about interregional events...
- Participation in annual Interreg Europe events:

DISSEMINATION ACTIVITIES

During the second semester, two dissemination activities were developed coinciding with the Interregional Events.

1. Coinciding with the Interregional event 3, was held the Workshop “A New Fund For Energy Efficiency Investment” on November 4th in London (UK). The workshop was attended by more than 50 stakeholders with representation of different sectors: international public administrations, regional public administrations, financial institutions, construction sector.

Extended information about this activity can be found in the document “Annex II: 3rd Interregional event”

2. Coinciding with the Interregional event 4, was held the Workshop “FINANCIAL INSTRUMENTS FOR ENERGY EFFICIENCY INVESTMENT: EXPERIENCES and OPPORTUNITIES” on March 3th in Trento (Italy). The workshop was attended by more than 120 stakeholders.

Extended information about this activity can be found in the document “Annex III: 4th Interregional event”

Also, several dissemination activities were organized in Semester 2 with the aim to disseminate the development of project activities.

RIS3 Extremadura Forum 2016. Caceres (Spain), November 10th 2016

Extremadura Government, FUNDECYT-PCTEx and the Office for Innovation, organized the RIS3 Extremadura Forum 2016, on November 10th with the aim of promoting the exchange of knowledge and technology transfer, two of the pillars of Innovation in Extremadura. Collaboration, interaction and relationships between the business sector and R + D + I agents are an increasingly tangible reality in our region.

The Forum also had the support and participation of the Enterprise Europe Network, an international business network with more than 600 offices worldwide and 3,000 local experts in legislation, technology transfer and access to European funding.

Již v loňském roce se hlasení město zapojilo do prvního projektu finančovaného z programu Interreg Europe s názvem „INTERPOL“ a v roce 2016 se kontaktovalo v Praze konference na téma „Strategie a využití finančních nástrojů v České republice“. Zde se řešilo zajímavé financování projektů energetického účinnosti a obnovitelného zdroje energie v budovách. Vzhledem k tomu, že se Praha cítila jako kvalitní a přijatelný partner pro realizaci evropského účastnického projektu, počítalo se zapojit město i také do další významné mezinárodní spolupráce.

„Podporu se totiž na mezinárodním projektu STEPHANIE zejména programu, který je zaměřen na komunální technologie. Je jinou v současné Evropě prioritou zejména oblast přípravné inovace a obnovuhodnoty účelem všechn výrobců je zajistit dostatečný výkon inovací do města technologií v praxi“ vyslovila radnička MUDr. Prahy pro oblast Bezdružic a vývojové kancelář Ingrida Prokopová.

„Odbor evropských fondů se využívá touto cestou spoluúčastí se aktuálními partnery k možnému způsobu získání kvalitních
