

# APRIL 2020

## What is LINDANET?

LINDANET is an ambitious project that aims to join efforts among European regions to work together towards the improvement of the HCH (Lindane) contaminated sites.

Do you want to know more? Go to <https://www.interregeurope.eu/lindanet/>

## First Interregional Thematic Workshop

The first Interregional Thematic Workshop of the LINDANET project was held days 26 and 27 of November 2019 in Zaragoza.

The workshop was focused on the topic "Governance, Regulation and Public Policies on lindane contamination". Click [here](#) to know more

## Stakeholder meetings

Four stakeholders meetings were organized in Aragon, South Bohemia, Germany and Silesia.
