LSG Meeting Conclusions

A. Summary of the meeting

Executive summary of the meeting minutes

The objective of this meeting was the presentation of the results of European partner's virtual meeting which took place on 19/06/2020, the exchange of views and experiences between stakeholders and the preparation of the next steps of the program.

More specifically:

- Informing about the progress achieved in the implementation of the project
- Informing about the BIGDATA 4RIVERS 3rd Virtual Convention held on 19/06/2020
- Analysis of the Joint analytical report state of play by emphasizing the role of the leaders of each chapter and some communication guidelines between partners, leaders of each chapter and Technical Committee coordinator
- Informing about the selected Good Practices of Region of Attica for the project:
 - WATER QUALITY MONITORING WITH THE USE OF ROBOTIC BOATS (EYDAP)
 - Advanced Monitoring of Asopos river basin (NKUA)

B. Recommendations of the LSG

Recommendations of the LSG for the partner

LSG pointed that the role of stakeholders involved is mainly an advisory and monitoring activity regarding successful project implementation for the benefit of ROA, which is the policy instrument holder. They stressed that they will be supporting RDFA with discussion and proposals regarding the improvement of the joint analytical report of the European partner and they will contribute, participate or assist to project actions (technical meetings foreseen dissemination events and annual internal workshops).

Recommendations of the LSG about the good practices/site visits

LSG committed to help RDFA regarding the improvement of the joint analytical report of the European partners, at the section of good practices that the Attica Region wants to implement in its intervention area.

C. Information Request

Request of additional information to the partnership/a particular partner

After meeting, all the participants were informed that RDFA will provide them additional material of the project.
