REDUCES proposal

The exchange of experiences and knowledge within and between the regional authorities is key in developing the best action plans to support environmentally sustainable business models for each region and policy.

REDUCES results in best practices and policy recommendations which will significantly benefit public authorities and institutions in supporting CE transition.

Summarising REDUCES > 'learning for action for transition'

Action plan

What is an action plan? (I)

- “Produced by **each region**, a document providing details on how the **lessons learnt** from the cooperation will be implemented in order to improve **the policy instrument** addressed within the region.”
- “Specifies the nature of the actions to be implemented, their timeframe, the stakeholders involved, the costs and funding sources.”

▶ Definition from the programme manual, section 4.1

Learning > policy improvement

What is an action plan? (II)

In each participating region, the action plan specifies **concrete measures**:

- From the interregional exchange of experience
- Implemented during phase 2

Transforming learning into actions

With own funds

Proposed way of working

11:15-11:30 after Breakout sessions

Moderators distill learnings presented and discussed in both sessions

Particularly the influence of (need for improved) policy, for success+impact

11.30-12.00 Round up morning

Moderators report briefly on learnings; starters for debate

All add to the learnings: potential for policy improvement in own region

12.30-15.45 during Region sessions

All write down what can be learned from cases and policies in other regions

15:45-16:00 after region sessions

Each region will quickly exchange and wrap up learnings amongst themselves

16:00 Round up afternoon

Spokesperson per region reports on learnings from other regions

How to take the lessons learnt home, to develop action plan, improve policy
