## Facing the future of innovation support in Europe – what we have learned with Inno Infra Share about the future of innovation in Europe

**Name** Katharina Schöps

**Function** EU project coordinator,  
senior innovation management consultant EEN Saxony

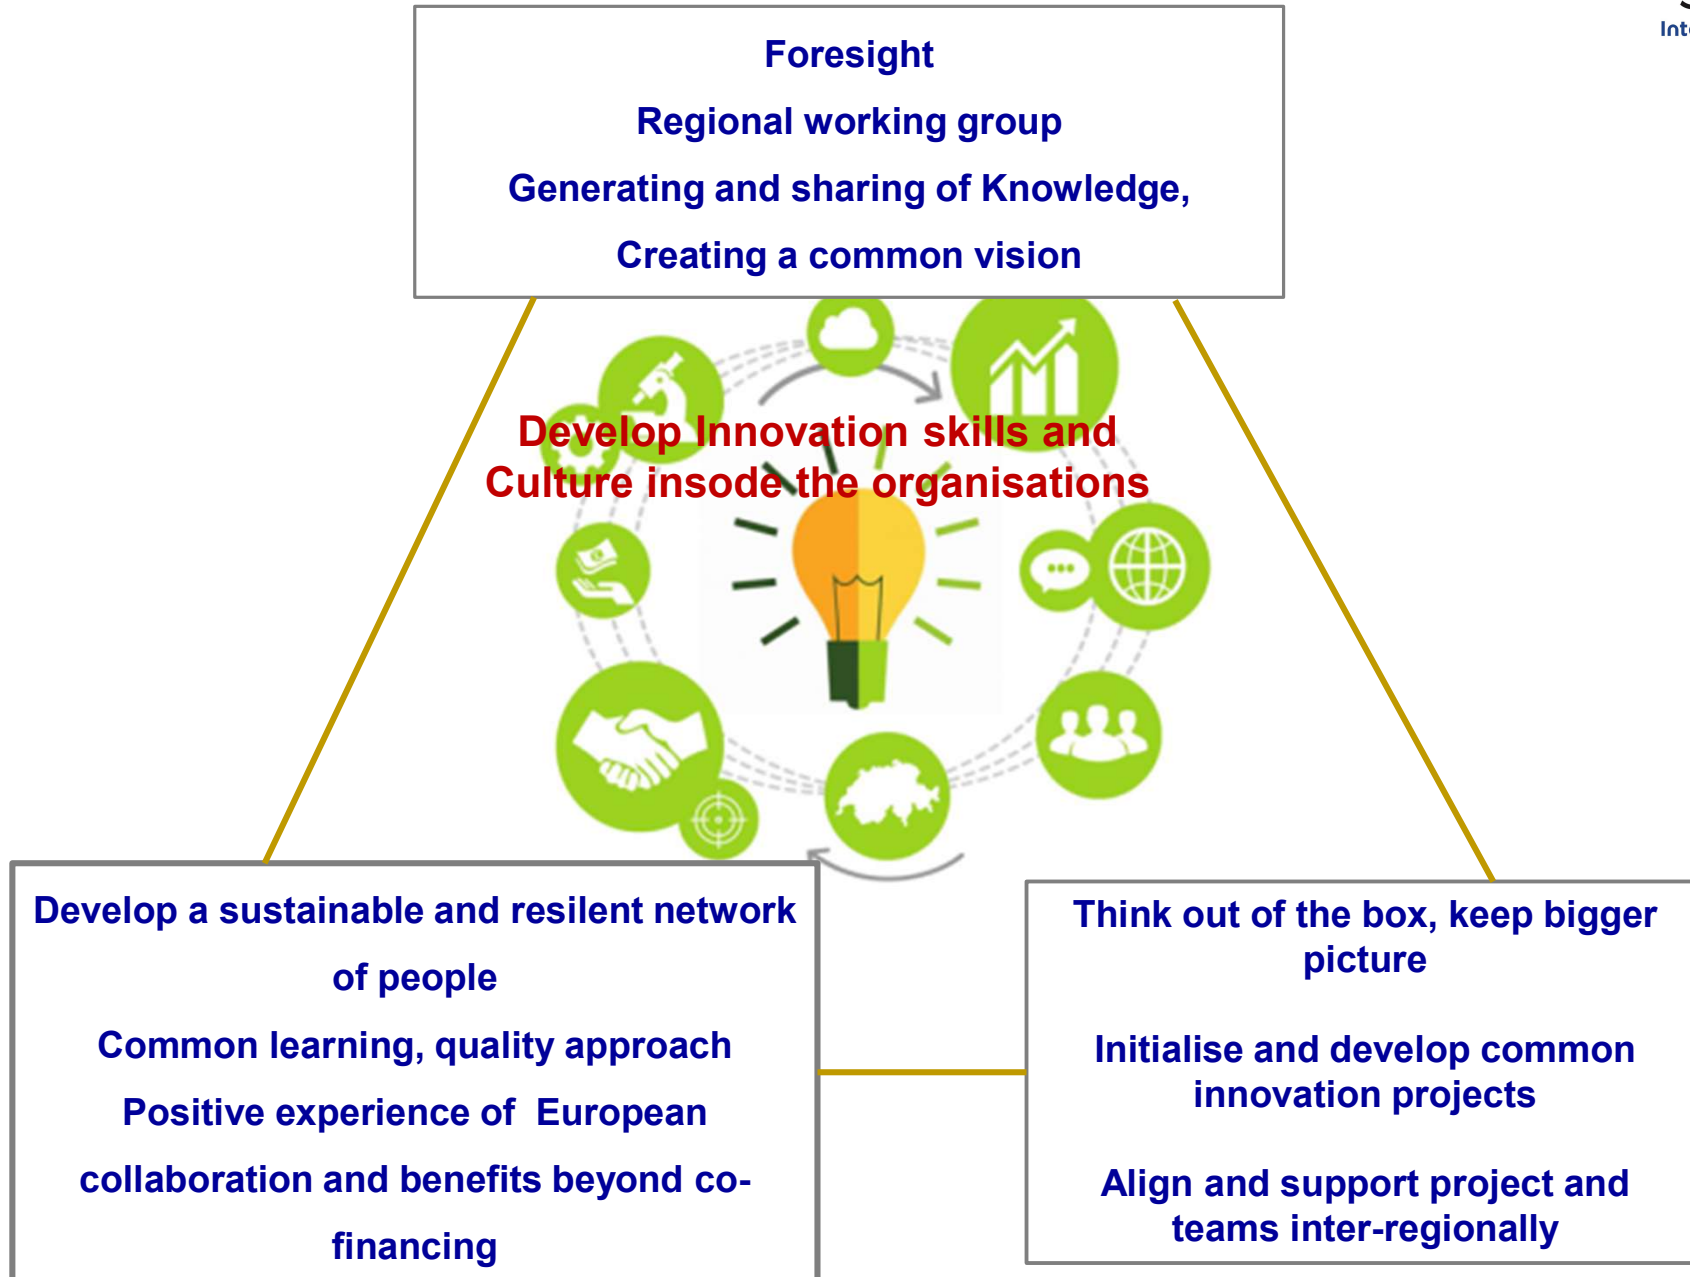

**Email** [Katharina.schoeps@zwt.tu-chemnitz.de](mailto:Katharina.schoeps@zwt.tu-chemnitz.de)

27.10.2020 □ Inter-regional co-operation for innovation

# Which challenges we faced?

# Which approaches we found to master them?

# 3 lessons learned

## Understand and explore opportunities to be part of the European innovation community

- Contribute to the complementarity of strategies and infrastructures and benefit from it

## Matchmaking paradigms and procedures need to be updated.

- Focus on future business development opportunities and risks of innovations
- Quality standards for project evaluation, development and monitoring

## People make the difference and are one key success factor of RII !

- knowledge
- experience
- cultures and motivations
- co-operation willingness and capabilities, networks
