Innovation Promotion Strategy

Strategic guidelines

Our innovation promotion is

- efficient
- future-, impact- and need orientied
- interdiciplinary
- co-ordinated
- accessible

improvement

Innovation Promotion Strategy

Strategic goals				
Strategic focus	Clear roles	Need- orientied services	Interregional co-operation	Result orientation
• Growing markets in which the Canton of Bern has competences.	 Defined focus areas, roles and activities for service providers 	 Coaching R&D Support Financing Infrastructure Training 	 Exhaustion of co-operation possibilities on the inter- national and national level 	 Results of service providers are measured and controlled regulary for continual

Example: Boostering digital transformation

The Canton of Bern is the largest industry region in Switzerland. Industry is in the digital transformation and need smart solutions.

We support the Swiss Smart Factory in SIP Biel/Bienne offering services for Swiss industry and co-operating on international level.

Example: Need-oriented SME Coaching

98% of Bernese companies are SME. They need «empowerment» to face their future challenges and to solve their bottle necks.

We support be-advanced Ltd. offering need-oriented coaching and fostering networking in the Bernese innovation ecosystem.

Example: Interregional co-operation

Kanton Zürich Volkswirtschaftsdirektio solothurn **RIS Ost** BASEL AREA. X X 🚺 💐 🖥 🕺 🚫 🔪 SWISS RIS Basel Jura **be** advanced **RIS** Ost zentralschweiz RIS innovativ Mittelland **RIS Suisse Occidentale** Sistema regionale d'innovazione platinn AGIRE InnovationsTransfer Zentralschweiz 2

Switzerland has a federal system with 26 cantons. Each region has an own intercantonal innovation agency.

We work in a community for the leaders of Swiss regional innovation agencies which exchanges «best practise», develops common standards and offers trainings for their staff.

Developing innovation ecosystem

The Canton of Bern has a long tradition in innovation promotion. With our innovation strategy we want

- to secure creation, distribution and application of knowledge
- to develop favorable framework
 for our innovation ecosystem
 that boosters contacts between
 stakeholders
- increase the quality of contacts

Developing Bernese innovation ecosystem
