LSG Meeting Conclusions

A. Summary of the meeting

<p><i>Executive summary of the meeting minutes</i></p> <p><i>As this was the first meeting with the large LSG the main focus of the meeting was to the project objectives, activities and the expected results.</i></p>

A brief presentation of the study visit held at the end of January to Athens were made highlighting the good practices presented.

The impact of COVID19 pandemic was also addressed explaining the delay the project activities are suffering (especially with regards with the study visits and the exchange of experiences activities that are been repeatedly postponed).

A brief presentation of the joint analytical report was made, and participants were informed that the association representatives at the technical committee will contact them to collect information to include in this deliverable. Local good practices and examples are especially relevant not only for the report but also to be included as contents of the knowledge transfer seminars that will be organized by AIMRD and by the Portuguese partner of the project.

B. Recommendations of the LSG

No recommendations had been made regarding the study visit held in January (to Athens).

No recommendations had been made regarding possible good practices to share with the other partners.

Nevertheless, participants were invited to send this information to AIMRD until the end of the month. The information received will be passed to the Technical Committee representative of AIMRD to evaluate the proposal and shared it with the other partners.

C. Information Request

No requests of additional information had been made.

Nevertheless, participants were invited to send this information to AIMRD until the end of the month.
