Experts helping to transform the Ruhr

At the beginning of January, partners attended the second learning journey in Essen, Germany. They heard how the loss of traditional industries in steel and coal has led to the region reinventing itself using markets such as healthcare and cyber security. [Find out more here](#)

Spotlight on a partner

In this edition of the newsletter we introduce the project lead and host of the first learning journey, BEAZ Bizkaia.

Their smart growth strategy focuses on innovation, industrialisation, internationalisation and investment in a number of key priority areas including advanced industry and manufacturing, energy and biological sciences - health.

During the visit partners visited [BIC Bizkaia](#) an incubator centre focusing on growth in advanced technology sectors.

We also heard from [Bizkaia Orekan](#) initiative in which the Provincial Council of Bizkaia works with the collaboration of the local and regional development agents, and the technical support from [ORKESTRA](#)-Basque Institute of Competitiveness.
