

Autumn'20 - Winter'21

## What's new on SHREC?

Congratulations on the long-awaited 2021! ☐

During the last months, SHREC project partner countries have been busy with meetings, events and online seminars. Although the world has moved to virtual reality, we still virtually meet, discuss and work together on improving the shift towards renewable energy.

Want to get more insights? This newsletter highlights project news and good practices. Enjoy reading!
