SHifting towards Renewable Energy for Transition to Low Carbon Energy - SHREC

9 June, 2021 SHREC meeting in South Muntenia, Romania

SHREC's strategic objective

to improve regional and national policies increasing the share of energy from renewable sources in the overall energy mix and encouraging and facilitating the production and use of renewables by businesses, communities and households aiming at less carbon intensive energy future

*Green Solutions
for Everyone:
..to Use and
Produce..*

SHREC sub-objectives

- *to encourage business investments into renewable energy and new innovative technologies in order to move to more sustainable, low-carbon alternative energy*
- *to increase involvement of energy consumers as active players through demand response, self-consumption or storage in wider use of renewable energy*
- *to increase the awareness among households, business and public actors of the need and opportunities to use renewable energy as the low-carbon alternative energy*
