INVITATION to the Final Conference of the EMPOWER project

**We proudly invite you to the online EMPOWER Final Conference
in the framework of the INTERREG Europe Programme, happening on
10 November 2021 from 14.00 – 18.00 CET.**

How can we collect reliable data about the energy use and potential savings of CO₂ and money in public buildings? And how do we derive concrete suggestions for day-to-day energy management, as well as for energy efficiency investments from that data? These are questions that EMPOWER tries to answer.

Almost five years of project activities and implementations of the actions for CO₂ reductions have passed. It has been a long and exciting journey for all of us. Along the way we have been able to share our experiences, knowledge from each other and implement successful practices in all our regions.

Our final conference will present insights on the activities and achievements of the project on its journey towards reducing carbon emissions through dynamically monitoring energy efficiency from buildings. The event will show concrete results from 9 diverse regions in 9 different EU countries – results and methods that can be adopted in other regions. You will hear and see remarkable results thanks to the successful cooperation and joint learning between partners.

The event is dedicated to policy makers, project teams, stakeholders, building users, key decision-makers, SMEs working in energy and investors. In fact to anyone who wants to reduce CO₂ emissions in public buildings using cost-effective energy monitoring systems.

Further information is available in English on the official website of the project:
<https://www.interregeurope.eu/empower/>

Time of the online Conference: 10 November 2021 14.00 – 18.00 CET

Location: Online – via Zoom

Connection link:

<https://us06web.zoom.us/j/88985009394>

In case you connect via the Zoom client:
Meeting ID: 889 8500 9394

The event will be in English and fully moderated.

Participation in the online event is free but requires registration!

Please register for the event through the [registration form here](#) at latest by 8 November 2021.

We will warmly welcome you at the EMPOWER Final Conference!

EMPOWER is a five-year project funded by the EU's Interreg Europe Programme. The Lead Partner is ENERGAPO, the Energy Agency of Podravje SI.
