Basque Foundation for Health Innovation and Research (BIOEF)	19 th of January 2021	-	Institución	Stakeholder	<p>First of all, the agenda of the session was presented, and a brief presentation of the project was made through a timeline that included the closing point of the teleconferences on 2 and 9 December 2020 and the starting point of the last teleconference on 19 January 2021.</p> <p>Having concluded the diagnostic phase with the re-elaboration and approval of the SWOT analysis, the three key strategic pillars were proposed as the starting point for the formulation of the strategy.</p> <p>Following the stakeholders' contributions, notes were taken of all the visions with a view to modifying the aforementioned plan pillars so that they were aligned with the general approach reached by ITHACA's ageing group.</p> <p>Next, we proceeded to review the priority R&D&I lines of each subgroup/axis in which the teleconference of 9th December 2020 was structured. These lines of research and development were presented from a theoretical perspective with the aim of establishing an initial prioritization of them. In this sense, the ageing group made contributions and it was agreed to</p>
