Impact in the territory

Stakeholders:

- **Counties**
- **46 municipalities**
- **Paleontologic Foundation of Dinópolis.**
- **Rural tourism association of the County.**
- **Population in general involved in the strategic plan**

Challenges:

- 1: **Local restaurants prepare thematic menus**
- 2: **Local handcraft prepare merchadaising**
- 3: **Train touristic guides**

Economic impact:

- **Increase the number of visitors, this good practice is the second reason why they come to the county.**
- **Increase the number of overnight sleep from 1 to 2.**
- **Increase the number of rural houses and hostels (Riodeva y Galve)**
- **New restaurants in municipalities involve in the activity (Galve, Riodeva, El Pobo y Aguilar del Alfambra)**

Transferability

- **Search for the tourist resource that identifies the territory with the involvement of local actors (strategic plan)**
- **Define a development strategy: Where, activities and products (routes, museums, visits...)**
- **Product promotion (brochures, web and social networks)**
- **Involvement of local actors (businessmen, associations and administrations)**
