Regional Action Plans in progress!

DEVISE project partner organisations have developed strategic plans and actions to help policy makers to improve the effectiveness of their policy instruments. *October 2021*

Disruptive tech solutions

Innovation as a Service (IaaS) action will accelerate the competitiveness and innovation levels of SMEs.

Donegal - Ireland

Food Labs, Training 4.0 XR & MyMachine

These actions will support the digital transformation of manufacturing and food industries.

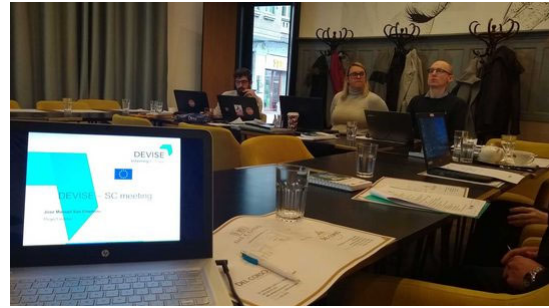

Seinäjoki - Finland

Meeting companies' needs

Find out more about the actions to support the emergence of digital projects and better use of data.

Laval - France

Adopting digitalisation

An instrument for harvesting digital projects to support the development of future EDIH service & Virtual Reality collaboration hub.

West Region - Romania

Digitalisation capacity, enhanced!

The plan accumulates the development of focus based actions to support digitalisation for SME's.

Derry & Strabane - N. Ireland

Digitalising tourism & hospitality

A voucher scheme for providing information and ICT services and the Digital Maturity Assessment Tool development.

Varna - Bulgaria

Regional development

The plan will support the digitalisation in the SMEs in the region and it will develop the 'Digital Maturity Assessment Tool' pilot.

North West - Ireland

Digital Experience Labs

Companies will be given the opportunity to experiment with digital technologies such as Artificial Intelligence (AI).

West Flanders - Belgium

Digitalising retail & hospitality sectors

Four actions will enhance each other to encourage digitalisation solutions providers to offer adapted products and services.

San Sebastián - Basque Country

(Spain)

Supporting open innovation systems

The plan is formed by one action: 'Targeting Less Innovation Aware SMEs to Upgrade Digital Skills (LIA upgrade)'.

Cantabria - Spain
