Solutions for more competitive digital SMEs

Although the DEVISE project is arriving to an end, the partnership aims to continue inspiring you with more good practices and lessons learnt from our thematic sessions and seminars. [June 2022](#)

DEVISE Final Conference inspires Europe

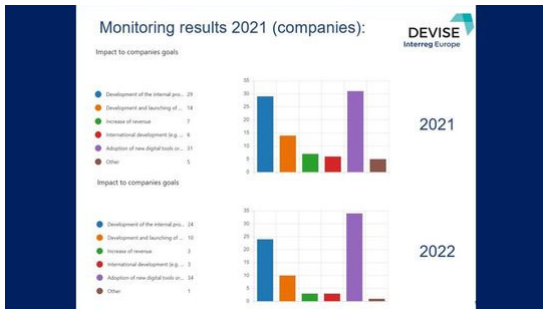

Over 50 people across Europe have joined us to listen about project results and the 'DMAT Platform', a project output, among others.

Closing Conference

More resilient SMEs with digital technologies

We brought into the spotlight a number of key topics that have been addressed during the lifetime of the project.

3rd Thematic Seminar

Results of monitoring the Regional Action Plans

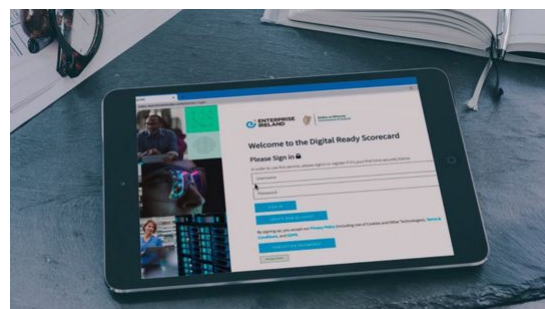

Two new Good Practices to motivate digitalisation

Partners from Seinäjoki University of Applied Sciences share the conclusions from the 19 implemented actions.

Discover 'Donostia / San Sebastián Market Plaza' digital platform and 'Collaborative VR / XR' system.

Results from RAPs

Good Practices

Remote Support to SMEs, DEVISE at Laval Virtual

Digital Transformation of SMEs during COVID-19

Some of the project good practices were presented to a wide audience during this prestigious international exhibition.

Partners from Spain, Ireland and Northern Ireland participate in the 'Derry and Strabane Enterprise Week' through an online workshop.

2nd Thematic Seminar
