The RESINDUSTRY Board

July 2022

RESINDUSTRY project is coming to an end and it is time to share all the knowledge gathered during the past 3 years. In particular, during the last six months the project's partners have developed the following activities:

1. On the 22nd of February, the project's first **virtual study visit** took place to HEKO Czeremo by the hand of the Polish partner, the Marshal Office of Świętokrzyskie Voivodeship.
2. The **expert missions** gave partners a chance to gain a deeper understanding of the good practices identified and shared during the first phase of the project.
3. And in April 2022, the last **interregional event** was held face to face in Gozo, where each partner presented their action plan. Furthermore, two study visits to Magro Brothers and FXB group were held.
4. At regional level, the **dissemination events** to present stakeholders the final action plan were organized by each partner. The different actions that will influence energy independence within the industrial sector were explained and validated by regional stakeholders.
5. Finally, **local stakeholder meetings** and **policy breakfasts** completed the closure of the project's learning phase.
