

8th Regional Stakeholder Group Meeting (RSGM)

Partner/Region:	Date:	Round:	Participants:	Main outputs:
Municipality of Kavala/Region of East Macedonia-Thrace	5.5.2022	8th	<ul style="list-style-type: none"> - Andreas Karagiorgis, Deputy Regional Governor for Fishing Policy - Konstantinos Simitsis, Deputy Regional Governor for Development - Kalfopoulos Emmanouil, Fishing Association of Porto Lagos - Io Chatzivaryti, Coordinator for the Municipality of Kavala - Effrosyni Boskou, Municipality of Kavala - Stamatiadis Ioannis, Panhellenic centre for underwater photography - Panagiotis Karanikolas, Fisherman - Chatziandreou Emmanouil, President of the coastal fishermen of Kavala - Daraktis Michail, Agricultural Association of Keramoti - Arbanitakis Stavros, Agricultural Association of Keramoti - Zeta Kampardi, NGO Enaleia - Nikos Therapos, NGO Enaleia 	<p>In this 8th RSGM that occurred on the 5th of May at the Maritime Museum of Kavala, the respective Stakeholders from the REMTH as fishermen, policymakers, representatives from the local public sector, and chambers of commerce met and discussed. The meeting aimed to examine issues related to marine ecology, fisheries management, and cooperation actions between fishermen and fisheries areas.</p> <p>Main outputs:</p> <p>An essential contribution of the meeting was the exchange of views and concerns of the fishermen of the Region to find possible solutions. As a result, a constructive dialogue followed with both the trainer of the NGO Enalia and the representatives of the local government, where proposals were made to improve the professional activity of fishermen and solve the existing problems.</p> <p>Some of the most important conclusions of the meeting concerned the need for support from the Region and</p>

			<ul style="list-style-type: none"> - Stamatis Kotsapinis, NGO Enaleia - Eleutheriou Alexandros, Cultural Association of Kallirachi Thassos - Athina Ioannidou, CLLD leader - Ilektra Simitsi, CHERISH project support Municipality of Kavala - Anna Thisiadou, Kavala port organization - Georgia Kanellopoulou, Petritis Eco-Museum - Souzi Mavromati, Kavala Chamber of Commerce - Georgia Tzatzari, Public Benefit Organisation, Directorate of Culture and Sports of Kavala 	<p>subsidizing the fishing profession, which was underlined by the representatives of the fishermen who attended the meeting.</p> <p>It is important to note that apart from representatives of the fishing communities in REMTH and the dynamic presence of the NGO Enaleia that has emerged from the program as good practice, a third partner was present. In particular, a representative from Corfu's Petritis Eco-Museum presented the views of another area in Greece regarding the efforts conducted by the municipality for the fishing community.</p> <p>It is important to note that all stakeholders mentioned that CHERISH is an excellent opportunity to promote fisheries as a cultural asset and agreed on the need for cooperation to cultivate a sense of fishing tradition through storytelling and more effective promotion and fishery product management.</p> <p>Finally, the participants were informed of the next project meeting expected to take place on the 6-7th of June.</p>

Τι θα μπορούσαν να κάνουν οι Αλιείς?

Σύμφωνα με την Κ.Α.Π.	Από μόνοι τους.
Αλιεία επιτρεπόμενων ποσοστών ειδών	Αύξηση μεγέθους ματιών στο δίχτυ, διάμετρο χταποδοπαγίδων,
Αλιεία επιτρεπόμενων μεγεθών ειδών.	Καθορισμός ζωνών απαγόρευσης αλιείας
Παύση απόρριψης ιχθύων στην θάλασσα.	Ναυάγια ενίσχυσης ζωής
	Παύση αλιείας κάποιων ειδών όταν είναι σε περίοδο αναπαραγωγής
	Εκμετάλλευση όλων των ειδών και όχι μόνο των γλυστών
	Συμβόλεια, ομιλίες με πολίτες και άλλους αλιείς ή εμπόρους.
	Συνεργασία με επιστήμονες και ερευνητικά Κέντρα δίνοντας αληθή δεδομένα.
	Μα πάνω από όλα... ΦΙΛΑΟΤΙΜΟ.
