

STAKEHOLDER ENGAGEMENT REPORT

Hamburg, 26/04/2022

Stakeholder engagement, N 23 semester 6

Consultation organized by *HWWI* on the 26/04/2022

Number of participants: 3

Typologies of stakeholder involved:

Research

Public Sector

SUBJECT OF THE EVENT

The meeting brought together Hamburg representatives from three circular economy projects (REPLACE, CIRCuIT, Circ-NSR). The partners updated each other about the activities in the projects. The CIRCuIT project focusses on circular construction. Therefore, it provided helpful input for the REPLACE Action Plan, as the envisaged REPLACE CE Forum will primarily focus on establishing a so far lacking networking structure for construction stakeholders. The cooperation with the CIRCuIT project managers facilitated the organization of the event. Apart from these discussions, an interview about drivers and barriers in the planning and management of CE projects was conducted, which will be used in the Circ-NSR project.
