Workshop Digital tools in industrial symbiosis

(<https://www.eu-skladi.si/en/in-focus/news/workshop-digital-tools-in-industrial-symbiosis/@@images/75d8042b-6836-4bf9-ace3-bebb5e0343a1.jpeg>)

On Wednesday, 2 March 2022, the online workshop titled [Digital tools & pathways workshop](#) (<https://www.interregeurope.eu/symbi/events/event/5120/digital-tools-pathways-workshop/>) took place in the frame of the [Symbi](#) (<https://www.interregeurope.eu/symbi/>) project.

Participants of the workshop gained insight into the digital tools/solutions that can/will support and promote the industrial symbiosis and circular transformation processes. The sixteen examples included the solutions developed in Slovenia, namely [Green Star](#) (<https://www.green-star.si/>), [CAS 2.0](#) (<https://www.circularbusiness.academy/circularity-assessment-score/>) and [E-simbioza](#) (<http://esimbioza.fis.unm.si/>), including the presentation of the tool called [Synergie 4.0](#) (<https://www.international-synergies.com/what-we-do/software/>). The mentioned examples are available on the dedicated Interreg Europe Programme website under the best practices section.
