20 Km AWAY FROM CAPITAL

2.425 Km. AWAY FROM SOFIA

We believe small communities can approach better scenarios for agriculture...  
How do we pursue agriculture through out a small community?

Studing local biodiversity

Claiming our rights

Constructing insect hotels

Finding alternatives

Keeping the playground

Believing in our elders

...an  
many other  
ways!

Visiting gardens

Planting trees

Recovering common memory

Creating radio
