Co-working vector

Action 1 Overview

BASIC LEVEL

Single one-stop shop at LSTP for SMEs and startups at early stages

Model

Simple information and service point at LSTP

Distribution channels

- Physical (1 portal)
- Digital (online)

Scope of services

Informational services, transactional services, consulting services for business and Innovation activities

INTERMEDIATE LEVEL

Universal one-stop shop connecting key regional points for SMEs and startups – at each development level (seed, growth, expansion)

Model

Comprehensive system of service points under „one roof” with regional public bodies (LSTP, Business Lubelskie, LRFR Lublin Regional Development Fund, LAWP Lublin Agency for Enterprise Development)

Distribution channels

- Physical (separate divisions, 1 portal)
- Digital (end-to-end)

Scope of services

- LSTP– seed and growth stages
- Business Lubelskie – scaling and expansion
- LRFR, AWP - financing

ADVANCED LEVEL

Fully integrated one-stop shop with regional divisions in key counties and towns

Model

A system of technically and functionally integrated service points

Distribution channels

- Physical (dispersed points, 1 portal)
- Digital (end-to-end)

Scope of service

Integrated services, as before

Pilot

Verifying the concept

Development

Implementation / amendments

Action 1 Overview

Activity 3: : Implementation of the OSS

Pending, waiting for the call to prepare a project proposal

Thank you!

Roundtable: Summary of Action Plans

Group 1: Programmes and strategies to promote a better start-up ecosystem and create incentives for diverse target groups

Action 2: Development of a new program to support the development of entrepreneurial and business knowledge among secondary school students

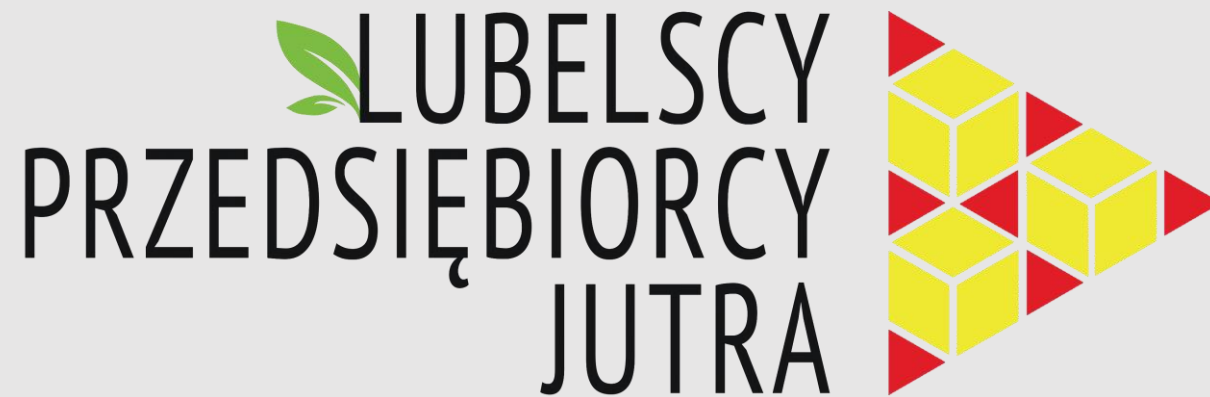

Action 2 Overview

Activity 1: Create a team for the action and agree on members' responsibilities

Activity 2: Develop the final project version and consult it with schools and other stakeholders

Activity 3: Implement information activities to disseminate knowledge about the planned project

Activity 4: Implement the educational project
